You have just read the information sheet for blood donors and have declared your willingness to donate blood. Please answer the questions on the back truthfully by putting a cross in the Yes or No box, as appropriate. This will help considerably to minimise the remaining risks to your own safety and that of the patients who will receive your blood.

**Consent form to be completed and signed by the donor:**

- I hereby consent to donate my blood.
- I confirm by my signature that I have thoroughly read and understood all of the information sheet for blood donors and that any queries were satisfactorily answered.
- I confirm that my personal data are correct and that the answers to all questions are true and accurate.
- I consent that the blood I donate undergoes testing, which may include genetic methods if necessary, and that a sample of my blood will be stored for possible subsequent tests according to the Federal law on therapeutic products. I agree to be informed about abnormal results.
- I agree that part of my donation can be used for educational purposes, to improve medical diagnostics, e.g. for the manufacture, development and quality control of tests, devices and laboratory procedures.
- I consent that part of my donation may be used for the preparation of medicinal products.
- Personal information given in connection with blood donation is subject to medical secrecy. It may only be used within Swiss Transfusion SRC (T-CH) and the Regional Blood Transfusion Service (RBTS). The Regional Blood Transfusion Service is legally obliged to respect the Data Protection Act and to report notifiable diseases to the authorities.
